

District Parent Council
December 5, 2018
9:30-10:30 am

MINUTES

Welcome

Mental Health Services Dept.

- Wendy Ford, Courtney Collins, Autumn LeBu, and Tiffany Viel presented on behalf of the Mental Health Services Dept. for Springboro Schools. Wendy Ford discussed the department's role in the district and how each staff member's role within the department. The webpage and newsletter were addressed, along with how to sign up and gather more information.

Questions

- It was suggested that the district look into moving the health class curriculum to a lower grade level, given certain issues seen in students, by the Mental Health Services Dept., are being seen at a younger age nowadays. Health classes are offered beginning at the 6th grade level in Springboro Schools currently. It was suggested to see about potentially moving health classes to a 4th or 5th grade level.
- Make the community more about the Mental Health Services Dept. and what it has to offer, in addition to the webpage, newsletter, Principal Updates, etc. An e-mail has been sent, putting in contact Randi Bargo-Smith/Dana Mitchell of the Springboro Speaker Series to see about adding Wendy Ford and her team a future guest speaker to the series.

Next Meeting – January 9th at 9:30 am
