Dennis Elementary
Third Grade
Snow Day Menu Board

Pick 3 activities from the menu board to complete EACH snow day. Your options can be up/down or side/side; <u>NO DIAGONALS!!!</u> Be prepared to turn in your activities when we return to school.

<u>MATH:</u>	<u>READING AND WRITING:</u>	<u>WRITING:</u>
Log in to Reflex math and work until you get a green light https://www.reflexmath.com/	Read for at least 20 minutes. When you are finished, identify the story elements. Be sure to include the setting, characters, problem, solution, and theme. If you are reading a chapter book, find the story elements in the part that you read today.	If you could do ANYTHING on your snow day, what would it be and WHY Write a descriptive paragraph and remember capitalization, punctuation, and indentation.
<u>READING AND WRITING:</u> Read for at least 20 minutes. When you are finished, write a one paragraph summary about what you read. Be sure to write the title of what you read and include good details in your summary.	<u>TYPING:</u> Go to Ms. Konkle's typing club (found on her Google Classroom) and practice typing for 15 minutes. After you are done practicing, type 3-5 sentences about a particular topic (<u>Bonus</u>: try relating your topic to what you are learning in science or social studies).	<u>MATH:</u> Log in to TenMarks and complete a Jam Session https://www.tenmarks.com/
<u>WORD STUDY:</u> Write each of your word study words for the week in a sentence. Make sure to use correct capitalization and punctuation!	<u>MATH:</u> Create multiplication flash cards (focusing on the factors that you need more practice with!) Once created, practice with someone	<u>READING AND WRITING:</u> Read for at least 20 minutes. When finished, write a paragraph telling about your favorite part of what you read today. (What happened during that part? Why did you like that part?) Use details from the text to support your opinion.

MindPlay friends: Be sure to login for THIRTY minutes during a snow day. MindPlay will count as ONE of your three choices. You will only need to select TWO boxes from the menu board.
