2260.01B - SECTION 504/ADA PARENTS' PROCEDURAL RIGHTS, INCLUDING DUE PROCESS HEARING

Procedural Information and Rights - Students and Parents

In accordance with various Federal laws (including Section 504, the Americans with Disabilities Act of 1990, as amended ("ADA"), FERPA, and Title VII), the following procedural safeguards will be provided with respect to decisions or actions regarding the identification, evaluation, educational program or placement, or content of a Section 504 Plan of a student who is or may be disabled under Section 504, but not also disabled under the IDEIA:

- A. students with disabilities have the right to take part in, and receive benefits from, public education programs without discrimination because of their disabilities;
- B. parents have the right to be advised of their rights under Section 504;
- C. parents have the right to receive written notice of any decision regarding the identification, evaluation, or educational placement of their child;
- D. parents have the right to have their child receive a free appropriate public education ("FAPE") if the child has a physical or mental impairment that substantially limits one or more major life activities;

This includes the right to be educated with students who are not disabled to the maximum extent appropriate (i.e., the student's education will be provided in the regular education classroom unless it is demonstrated that education in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily) and to receive regular or special education and related aids/services that are designed to meet the individual educational needs of students with disabilities as adequately as the needs of nondisabled students are met.

- E. parents have the right to have their child educated in facilities and receive services comparable to those provided to students without disabilities;
- F. parents have the right to have evaluation and educational placement decisions made based upon a variety of informational sources, and by persons who know the student, and are knowledgeable about the evaluation data and placement options;
- G. parents have the right to have their child transported in a non-discriminatory manner;

If the District refers a student for aids, benefits, or services outside the District, the District will ensure that adequate transportation is provided at no greater cost to the parents than if the aids, benefits, or services were provided within the District.

- H. parents have the right to place their child in a private school or alternative educational program;

However, if the District makes a FAPE available to the student that conforms to the requirements of Section 504 and

nevertheless the parents choose to place the student elsewhere, the District is not required to pay for the student's education at the private school or alternative program, including costs associated with transportation.

- I. parents have the right to have their child given an equal opportunity to participate in nonacademic and extracurricular activities offered by the District;
- J. parents have the right to examine all relevant education records, including, but not limited to, those documents related to decisions regarding their child's identification, evaluation, educational program, and placement;
- K. parents have the right to obtain, at their own expense, an independent educational evaluation of their child;
- L. parents have the right to obtain copies of education records at a reasonable cost unless the fee would effectively deny the parents access to the records;
- M. parents have the right to a response from the District to reasonable requests for explanations and interpretations of their child's education records;
- N. parents have the right to receive all information in the parents' native language and mode of communication;
- O. parents have the right to periodic re-evaluations and an evaluation before any significant change in placement;
- P. parents have the right to request amendments of their child's education record(s) if there is reasonable cause to believe that information contained in the record(s) is inaccurate, misleading or otherwise in violation of the privacy rights of their child;

If the District refuses to amend the record(s), the parents have the right to request a hearing and/or to attach to the record(s) a statement of why they disagree with the information it contains.

- Q. parents have the right to request mediation or an impartial due process hearing related to decisions or actions concerning their child's identification, evaluation, educational program or placement;
- R. parents have the right to file an internal complaint;
- S. parents have the right to be represented at any point in the process by an attorney;
- T. parents have the right to recover reasonable attorney fees as authorized by law (i.e., if the parents are successful on their due process claim);
- U. parents have the right to be notified of their Section 504 rights, including but not limited to:
 1. when the District does not suspect a disability and declines to conduct an evaluation;
 2. when evaluations and re-evaluations are conducted;
 3. when consent for an evaluation is provided or withheld;
 4. when eligibility is determined, including when the team finds the student ineligible;
 5. when a Section 504 Plan is developed, including when the District decides to implement a Plan without parental consent;
 6. when the written results of an IAT meeting are provided;
 7. before there is significant change in the Section 504 Plan, including concerning student's placement; and
 8. when an internal complaint or a request for a due process hearing is filed.

Due Process Hearing

- A. When a request for a due process hearing is received, the aggrieved party will have the opportunity to receive a hearing conducted by an impartial hearing officer ("IHO") (i.e., by a person not employed by the Board of Education, not involved in the education or care of the child, and not having a personal or professional interest that would conflict with his/her objectivity in the hearing).
- B. The District will maintain a list of trained IHO's that may include IDEIA hearing officers, attorneys, and Directors of Special Education outside the District. The District Compliance Officer will appoint an IHO from that list, and the costs of the hearing

shall be borne by the District. The appointment of an IHO will be made within fifteen (15) school days after the request for a due process hearing is received.

C. A party to such a due process hearing shall have:

1. the right, at his/her/their own cost, to be accompanied and advised by legal counsel and by individuals with special knowledge or training with respect to the problems of children with disabilities;
2. the right to present evidence, and confront, cross-examine and compel the attendance of witnesses;
3. the right to a written or electronic verbatim record of such hearing; and
4. the right to written findings of fact and the reasons for the decision.

D. The IHO shall conduct the due process hearing within a reasonable period of time (i.e., not to exceed ninety (90) calendar days from the request for such a hearing, unless this time-frame is mutually waived by the parties or is determined by the IHO to be impossible to comply with due to extenuating circumstances).

E. The IHO will give the parent and/or student written notice of the date, time and place of the hearing. Notice will be given no less than twenty-one (21) calendar days prior to the date of the hearing unless otherwise agreed to by the parent and/or student. The notice shall include:

1. a statement of time, place and nature of the hearing;
2. a statement of the legal authority and jurisdiction under which the hearing is being held;
3. a reference to the particular section of the statutes and rules involved;
4. a statement of the availability of relevant records for examination;
5. a short and plain statement of the matters asserted; and
6. a statement of the right to be represented by counsel.

F. The IHO shall conduct the hearing in a manner that will afford all parties a full and fair opportunity to present evidence and to otherwise be heard. The parent and/or student may be represented by another person of his/her choice, including an attorney.

G. The IHO shall make a full and complete record of the proceedings.

H. The IHO shall render a decision in writing to the parties within thirty (30) calendar days following the conclusion of the hearing. The decision will be based solely on the testimony and demonstrative evidence presented at the hearing and include a summary of the evidence (i.e., findings of fact) and the reason for the decision.

The notification shall include a statement that either party may appeal the decision.

I. Appeal of the IHO's decision may be made to a Federal court of competent jurisdiction.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful discrimination/retaliation, or participates as a witness in an investigation is prohibited. Specifically, the Board will not retaliate against, coerce, intimidate, threaten or interfere with any individual because the person opposed any act or practice made unlawful by Section 504 or the ADA, or because that individual made a charge, testified, assisted or participated in any manner in an investigation, proceeding, or hearing under those laws, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws.

2260.01 - **SECTION 504/ADA PROHIBITION AGAINST DISCRIMINATION BASED ON DISABILITY**

Pursuant to Section 504 of the Rehabilitation Act of 1973 ("Section 504"), the Americans with Disabilities Act of 1990, as amended ("ADA"), and the implementing regulations (collectively "Section 504/ADA"), no otherwise qualified individual with a disability shall, solely by reason of his/her disability, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. The Board of Education does not discriminate in admission or access to, or participation or treatment in its programs or activities. As such, the Board's policies and practices will not discriminate against students with disabilities and the Board will make its facilities, programs, and activities accessible to qualified individuals with disabilities. No discrimination will be knowingly permitted against any individual with a disability on the sole basis of that disability in any of the programs, activities, policies, and/or practices in the District.

"An individual with a disability" means a person who has, had a record of, or is regarded as having, a physical or mental impairment that substantially limits one or more major life activities. Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-vision devices (not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aids and cochlear implants or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, assistive technology, reasonable accommodations or auxiliary aids or services, or learned behavioral or adaptive neurological modifications.

With respect to public preschool, elementary and secondary educational services, a qualified person with a disability means a disabled person:

- A. who is of an age during which nondisabled persons are provided educational services;
- B. who is of any age during which it is mandatory under Ohio law to provide educational services to disabled persons; or
- C. to whom the State is required to provide a free appropriate public education pursuant to the Individuals with Disabilities Education Improvement Act (IDEIA).

With respect to vocational education services, a qualified person with a disability means a person with a disability who meets the academic and technical standards requisite to admission or participation in the vocational program or activity. The Board will not

deny a student with disabilities access to its vocational education programs or courses due to architectural and/or equipment barriers, or because the student needs related aids or services to receive an appropriate education.

Compliance Officer(s)

The Board designates the following individual(s) to serve as the District's 504 Compliance Officer(s)/ADA Coordinator(s) (hereinafter referred to as the "District Compliance Officer(s)").

The name(s), title(s), and contact information of this/these individual(s) will be published annually on the School District's website.

Building Principals shall serve as Building Section 504/ADA Compliance Officer(s) ("Building Compliance Officers").

The District Compliance Officer(s) are responsible for coordinating the District's efforts to comply with and fulfill its responsibilities under Section 504 and Title II of the ADA. A copy of Section 504 and the ADA, including copies of their implementing regulations, may be obtained from the District Compliance Officer.

The District Compliance Officer(s) will oversee the investigation of any complaints of discrimination based on disability, which may be filed pursuant to the Board's adopted internal complaint procedure, and will attempt to resolve such complaints.

The Board will provide for the prompt and equitable resolution of complaints alleging violations of Section 504/ADA. See below. The Board will further establish and implement a system of procedural safeguards in accordance with Section 504, including the right to an impartial due process hearing. See AG 2260.01B.

Training

The District Compliance Officer(s) will also oversee the training of employees in the District so that all employees understand their rights and responsibilities under Section 504 and the ADA, and are informed of the Board's policies, administrative guidelines and practices with respect to fully implementing and complying with the requirements of Section 504/ADA.

The Board will provide in-service training and consultation to staff responsible for the education of persons with disabilities, as necessary and appropriate.

Facilities

No qualified person with a disability will, because the District's facilities are inaccessible to or unusable by persons with disabilities, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which Section 504/ADA applies.

For facilities constructed or altered after June 3, 1977, the District will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the District is committed to operating its programs and activities so that they are readily accessible to persons with disabilities. This includes, but is not limited to, providing accommodations to parents with disabilities who desire access to their child's educational program or meetings pertinent thereto. Programs and activities will be designed and scheduled so that the location and nature of the facility or area will not deny a student with a disability the opportunity to participate on the same basis as students without disabilities.

Education

The Board is committed to identifying, evaluating, and providing a free appropriate public education (FAPE) to students within its jurisdiction who have a physical or mental impairment that substantially limits one or more major life activities, regardless of the nature or severity of their disabilities.

An appropriate education may include regular or special education and related aids and services to accommodate the unique needs of students with disabilities. For students with disabilities who are not eligible for specially designed instruction under the IDEA, the special education and related aids and services (including accommodations/modifications/interventions) they need in order to have their needs met as adequately as the needs of nondisabled students are met, shall be delineated, along with their placement, in a Section 504 Plan (Form 2260.01A F13). Parents/guardians/custodians ("parents") are invited and encouraged to participate fully in the evaluation process and development of a Section 504 Plan. The quality of education services provided to students with disabilities will be equal to the quality of services provided to students without disabilities.

The Board is committed to educating (or providing for the education of) each qualified person with a disability who resides within the District with persons who are not disabled to the maximum extent appropriate. Generally, the District will place a person with a disability in the regular educational environment unless it is demonstrated that the education of the person in the regular environment, even with the use of supplementary aids and services cannot be achieved satisfactorily. If the District places a person in a setting other than the regular educational environment, it shall take into account the proximity of the alternate setting to the person's home. If the Board operates a separate class or facility that is identifiable as being for persons with disabilities, the facility, program, and activities and services must be comparable to the facilities, programs, and activities and services offered to students without a disability.

The Board will provide non-academic extracurricular services and activities in such a manner as is necessary to afford qualified persons with disabilities an equal opportunity for participation in such services and activities. Non-academic and extracurricular services and activities may include counseling services, physical recreational athletics, transportation, health services, recreational activities, special interest groups or clubs sponsored by the District, referrals to agencies that provide assistance to persons with disabilities, and employment of students. In providing or arranging for the provision of meals and recess periods, and non-academic and extracurricular services and activities, including those listed above, the District will verify that persons with disabilities participate with persons without disabilities in such services and activities to the maximum extent appropriate.

Notice

Notice of the Board's policy on nondiscrimination in education practices and the identity of the District's Compliance Officer(s) will be published on the District's website and posted throughout the District and included in the District's recruitment statements or general information publications.

Complaint Procedures

If a person believes that s/he has been discriminated against on the basis of his/her disability, the person may utilize the following complaint procedures as a means of reaching, at the lowest possible administrative level, a prompt and equitable resolution of the matter.

In accordance with Section 504 of the Rehabilitation Act of 1973 and its implementing regulations ("Section 504"), parents and students will be notified of their right to file an internal complaint regarding an alleged violation, misinterpretation or misapplication of Section 504. In addition, students and their parents will be notified of their right to file a complaint with the U.S. Department of Education's Office for Civil Rights. Finally, students and parents will be advised of their right to request a due process hearing before an Impartial Hearing Officer (IHO) regarding the identification, evaluation or educational placement of persons with disabilities, and their right to examine relevant education records.

Internal complaints and requests for due process hearings must be put in writing and must identify the specific circumstances or areas of dispute that have given rise to the complaint or the request for a hearing, and offer possible solutions to the dispute. The complaint or request for due process hearing must be filed with a District Compliance Officer within specified time limits. The District's Compliance Officer is available to assist individuals in filing a complaint or request.

Unless expressly stated otherwise, the term "day" or "days" as used in this policy means business day(s) (i.e., a day(s) that the Board office is open for normal operating hours, Monday – Friday, excluding State-recognized holidays).

Internal Complaint Procedures

An internal complaint may be filed by a student and/or parent. A student and/or parent may initiate the internal complaint procedure when s/he/they believe that a violation, misapplication or misinterpretation of Section 504 has occurred. Additionally, the following procedure may be used for any disagreement with respect to actions regarding the identification, evaluation, or educational program or placement of students who are identified as disabled or believed to be disabled pursuant to Section 504, and are not eligible under the IDEA, except in the case of disciplinary actions where the provisions of the Student Code of Conduct apply. Use of the internal complaint procedure is not a prerequisite to the pursuit of other remedies, including the filing of a complaint with the U.S. Department of Education's Office for Civil Rights or requesting a due process hearing.

Step 1

Investigation by the Building Compliance Officer: A student or parent may initiate an investigation by filing a written internal complaint with the Building Compliance Officer. The complaint should fully describe the circumstances giving rise to the dispute and how the child is adversely affected. The complaint must be filed as soon as possible, but not longer than thirty (30) days after disclosure of the facts giving rise to the complaint. The Building Compliance Officer shall conduct an impartial investigation of the complaint. As part of the investigation, the Building Compliance Officer shall permit the complainant to present witnesses and other evidence in support of the complaint. The investigation shall be completed within fifteen (15) days of the written complaint being filed. The Building Compliance Officer will notify the complainant in writing of his/her decision.

Step 2

Appeal to the District Compliance Officer: If the complaint is not resolved satisfactorily at Step 1, the student or parent may appeal the Building Compliance Officer's decision in writing to the District Compliance Officer. The appeal must be made within five (5) days following receipt of the Building Compliance Officer's decision. The District Compliance Officer will review the case, may conduct an informal hearing, and will notify all parties in writing of his/her decision within ten (10) days of receiving the appeal.

Step 3

If the complaint is not resolved satisfactorily at Step 2, the student or parent may request a due process hearing, provided the complaint involves an issue related to the identification, evaluation, or placement of the student.

If it is determined that the Complainant was subjected to unlawful discrimination, the Building and District Compliance Officers must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

OCR Complaint

At any time, if a student or parent believes that s/he has been subjected to discrimination based upon his/her disability in violation of Section 504 or the ADA, the individual may file a complaint with the U.S. Department of Education's Office for Civil Rights ("OCR"). The OCR can be reached at:

U.S. Department of Education
Office for Civil Rights
Cleveland Office
1350 Euclid Avenue, Suite 325
Cleveland, Ohio 44115
(216) 522-4970
FAX: (216) 522-2573
TDD: (216) 522-4944
E-mail: OCR.Cleveland@ed.gov
Web: <http://www.ed.gov/ocr>

Except in extraordinary circumstances, the OCR does not review the result of individual placement and other educational decisions, so long as the District complies with the "process" requirements of Subpart D of Section 504.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful discrimination/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by Section 504 or the ADA, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.
