Jake Jones, Student
Morgan Smith, Student

Springboro Staff and Board:

Randi Bargo, Dana Mitchell, Terrah Floyd, Ashley McGuire, John Pennell, Andrea Cook, Charles Anderson, and Dan Schroer.

Community Outreach Update - Parent Speaker Series – Randi Bargo and Dana Mitchell

- The Parent Speaker Series began as a result of Randi & Dana's Capstone Project through the Springboro Leadership Academy.
- 4 presentations were given this year with subjects covering the teen brain & decision making, academic, social, and peer pressures, unseen hazards our children are facing, and use/misuse of technology.
- Would like to get more people to attend next year's events – suggestions were to create Facebook & LinkedIn invites & advertise on social media.
- Suggested future topics: Dealing with the fear factor when kids are afraid to come forward with issues, bring technology to the meeting and learn how to go through it, how to create future leaders, how to plan for college, what are career options other than college, how to motivate kids, and school safety.

School Safety Update – John Pennell

- It is a state requirement for us to have an Emergency Access Guide for local police & fire – this is an internal document and cannot be shared with the community for safety reasons.
- We are required by law to have 3 different type drills every 3 years: Lock down type drill, table top, and a full blown scenario in a building.

- We have added more/better cameras to a lot of our buildings, installed electronic key fob's on most exterior doors, and have a buzz in system at all schools for visitors.
- We will be purchasing a door barrier for each interior door classroom with the help of a community member that is doing fundraising for these.
- Currently researching ballistic film that goes over the glass of doors & windows.
- Looking in to a visitor badge program that will scan an ID and print a badge with a picture.
- Will be purchasing additional cameras and electronic locks.
- This year we contracted with a retired police chief/educator to run our building safety committees in each building.

Next meeting: Wednesday, October 17, 2018 at 4:00 pm
